APPENDIX

LIKE MANY OTHERS, I learned to knit when I was young. My grandmother taught me the basics, and not too long after, I put the needles down. When I became a stay-at-home mom more than thirty years later, I found myself knitting again and began to write an online blog (called Knit and Tonic) where I ruminated about what I was knitting. Soon, I realized that I didn’t really like to follow patterns closely, and I found myself changing them here and there so they suited me. For example, I didn’t enjoy knitting flat and seaming up later. I also have a longer torso and arms, and most of my sweaters were turning out boxy, and I knew that there must be a way to adjust them on the fly.

I talked about all this on my blog and with my knitting friends and found encouragement to begin designing knit patterns on my own.

I decided that knitting top down and in the round made sense to me and was the most flexible format for my needs—and off I went, except that working everything in Stockinette (knitting every round was easy enough to figure out) was pretty boring after a while. There is only so much knitting without purling a knitter can do.

So, I scoured existing stitch pattern books, thinking that someone must have had struggled to find existing patterns for in-the-round knitting, but other than Elizabeth Zimmermann and Barbara G. Walker’s extensive works discussing the subjects of knitting in the round and knitting top-down respectively, I was at a loss. Books with sock patterns were helpful to a point, because they often had stitch patterns that were already in the round, but besides that, I found no help.

Eventually, I figured out how to convert some of my favorite stitch patterns to add to my design work, but it was slow going and took a lot of trial and error.

At the time, I had three books behind me: Custom Knits, Custom Knits 2, and Custom Knits Accessories (all with Abrams)—with patterns almost exclusively top down and in the round, so I reached out to my editor to offer up an idea. I told her that I would like to write a book of stitch patterns that presented more than one version: Not only would I offer a conventional stitch pattern (flat, bottom up), but I would also have a version that could be knit in the round, bottom up, but also top down, flat, and in the round; and if the pattern was directional, I would offer a version that was upside down, so that a knitter could work a directional pattern from the top down and the motif would present itself right-side up. Phew. That was a lot! Good news was, my editor was happy with the idea, and I was given the go-ahead.

So, I swatched. And I swatched. And I swatched.

And today, eight years later, I'm still swatching.

The stitch patterns from the first two books, Up, Down, All-Around Stitch Dictionary and The Knitting All Around Stitch Dictionary, are all here for you, compiled into one Ultimate Stitch Dictionary. I've also added thirty new stitch patterns to knit in all directions. If you knit patterns flat and bottom up, you can use this book to your heart's content. If you knit in the round, this book is for you, too. Same with top-down flat, top-down in the round, you name it. The only thing you won't find here is sideways. (Whoops. Maybe I need to take a look at that . . .)

Happy Knitting!

How to Use the Stitch Patterns

Each stitch pattern in this book will be labeled so you will know which version to knit. For every pattern, there is a flat, in-the-round, bottom-up, and top-down iteration. In some cases, the top-down and bottom-up versions are the same, because the pattern isn't directional.

When selecting stitch patterns, note that each one has information relating to the multiple of stitches that is required. If you take a look at Herringbone Lace Rib on page 70, you will see that if you are knitting a flat object, in order for the stitch pattern to work in your project the number of stitches you have on your needles must be a multiple of 7, plus 1 additional stitch. The additional stitch is needed so that the stitch pattern is centered correctly.

Now, if you look at the in-the-round version of the same pattern, you'll see that all is required is a multiple of 7 stitches, with no additional stitch.

If you are knitting an existing pattern from your favorite designer and want to swap out a stitch pattern, that's great! Just know that in order to do so, you have two choices: Either find a stitch pattern in this book with the number of stitches that will accommodate the multiple required, or get creative and add or subtract a stitch or two in the pattern so that you can comfortably follow the swapped-in pattern. These adjustments can be knit on the fly, and no one will notice. How? Simply and slyly increase or decrease a few stitches as required—be sure to make note of it if you will have to do it again elsewhere—and knit your swapped-in pattern. Keep in mind that if you are adding or subtracting enough stitches to affect the fit, you should do some simple math to see if the fit or look of the project will substantially change.

How to Work the Charts

Many knitters prefer to knit from charts. Since the charts are to be used for knitting in all directions—top down, bottom up, flat, and in the round—there are a few things to take into account.

The charts in this book show you what the stitch pattern will look like from the right side of the work. The goal of the stitch symbols is to resemble the actual stitches worked, so that when you refer to the chart, you will be able to see where you are in the chart. One thing to keep in mind is that the stitch symbols look like the symbol itself—on the right side of the work. So, when knitting on the wrong side while knitting flat, you will be working

the stitch so that it appears correctly on the right side. If you come across a stitch symbol you're not familiar with or don't know how to work it, there is a key on page 397.

Many times in this book, there will only be one chart. In this case, the chart will work for all directions and there is no need for an additional chart. In each situation, it will be noted.

The stitch and row repeats will be clearly noted, as will the row/round numbers. Charts are numbered on the edges to help you keep track of what row of the pattern you're on. When you're working back and forth, the numbers on the right edge of the chart indicate right-side rows, and the numbers on the left indicate wrong-side rows. Row 1 indicates the first row of the chart that you will work. When Row 1 is on the left side of the chart, it means you will start with a wrong-side row. For right-side rows, you will always work the chart from right to left. For wrong-side rows, you work from left to right. For a chart that shows a stitch pattern that is worked in the round, there will only be numbers on the right side, since you only work right-side rounds. If a chart shows both the flat and in-the-round stich pattern (see, e.g., Eyelet Polka Dots on page 295), you will only have numbers on the right side: the rows that aren't numbered will be wrong-side rows when working flat.

There will be times when the right or left side of the chart will have a portion of a round that is shifted. This happens when we have to accommodate stitches within the pattern (like a decrease worked at the end of a repeat, or a cable that overlaps into the following repeat). For example, In Wild Oats (page 141), the last repeat on Round 7 shifts and is completed on the first stitch of the following round to accommodate the Left Cross repeat.

Once in a while you will see a gray square in a chart. This is a no-stitch square. All this means is that you should skip over that square as if it doesn't exist, These squares are inserted into the chart to tell you that either the stitch that would have been in that square is no longer available to knit (due to a decrease that doesn't have an increase to bring the stitch count back to the original), or there will be an increase later in the chart, but it isn't available in the row/round you're working on. Think about them like you'd think of holding someone's spot in line. The spot is there, but no one is there at the moment.

Why Swatch?

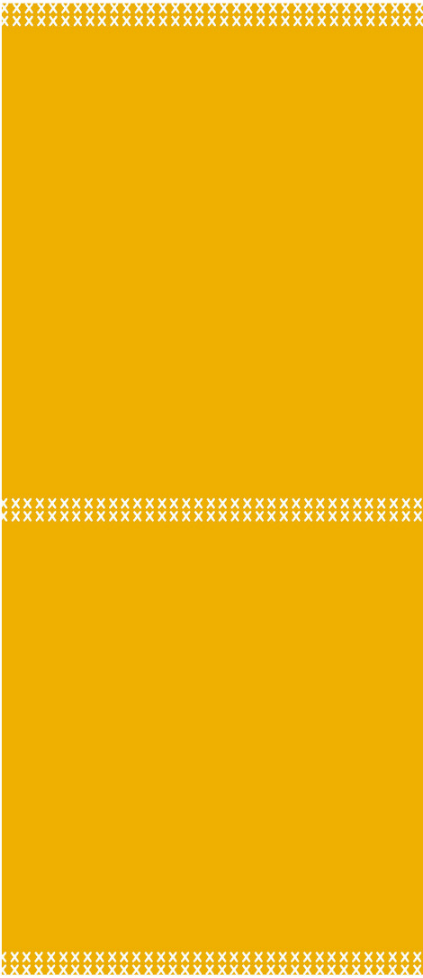
Why swatch? Oh, let me count the reasons! I know some of you will never swatch or will say, “I’ll just start out making a sleeve and I’ll know soon enough if there’s an issue.” If that is what you are going to do, then you will do it. For all the others who will entertain the idea, here you go:

If you don’t swatch before you begin something like a sweater, there is a good chance that you will get far enough into a project before you realize that the gauge in the pattern doesn’t match the gauge you end up with. Even a one-stitch-per-inch difference can change the final size of the sweater, so much that not only will it not look like the picture you’ve been staring at, but you’ll likely never wear it or gift it.

I will go so far as to say that it is vitally important to swatch, because it may prevent you from buying a sweater’s worth of yarn and possibly knit through half of the haul before you end up ripping out all our knitting to end up with a ton of yarn that you cannot return to the store. In the best-case scenario, say you purchase ten balls and you swatch using just a few yards of yarn. Then, you determine that what you have is a yarn that knits up to gauge, drapes as you intend it to, and you get to keep the yarn and knit your sweater.

In the worst-case scenario, and I admit that I’ve made this mistake too, you purchase the ten balls of yarn, hurry up and get half of it knit, and then realize, to your horror, that it isn’t working, rip it all out, and then end up with a stash of yarn you can’t return and it just sits there. For years.

So, the basics: In most knitting patterns, you will be given a gauge, or tension, for a 4" (10 cm) square. Your swatch should be at least this size, so of course cast on a number of stitches that will result in a square a little larger than that size.



Make sure you use the yarn and needles suggested in the pattern, or the yarn of your choice if subbing, and start knitting in the pattern you are using with a non-rolling edge (keep two or three stitches on either side in garter stitch—knit every row on those stitches). Once you have completed your swatch, bind off or place the live stitches on a holder, and soak your swatch in some water with a little wool wash (optional) for a while, carefully squeeze out the water, and then lay flat on a towel to dry. If you are knitting lace, you may decide to pin it out a bit. Once it is dry, measure your gauge between your non-rolling edge stitches using a tape measure or a stitch gauge. If your count is less than the called-for stitch count in your pattern, you'll want to go down a needle size. If the situation is reversed and you have more stitches than called for, you'll want to go up a needle size. Also pay attention to the number of rows you achieve with your swatch. If it matches the number given in the pattern, great! If not, you may want to continue with the needle size you have decided upon, but keep track of the length of your knitting every once in a while to determine if you need to work more or fewer rows/rounds as you knit.

If you are knitting in the round, it is likely important to cast on your swatch in the round. Many people who routinely knit in the round, who know that they knit a little tighter or looser, will make a flat swatch and then make instinctive corrections. Personally, I know that my knitting is a little tighter, so I typically choose a larger needle size after swatching. If you aren't such a knitter, then definitely cast on enough stitches to make a tube that is at least 4" (10 cm) and knit your swatch in the round.

Working with Mosaic Stitch Patterns

I added a number of new mosaic stitch patterns to this volume. Mosaic patterns look intricate, but they are actually quite easy to knit. Mosaic knitting is a colorwork technique whereby one knits with just one color of yarn every two rows or rounds. This differs from Fair Isle knitting, where the knitter uses two or more colors of yarn per row or round.

Mosaic knitting is far easier to master than Fair Isle knitting and uses less yarn than Fair Isle, because only one color is worked every two rows or rounds while the other color hangs out on the edge, waiting to be knit. In the case of in-the-round knitting, the color not being used sits inside the tube. Also note that with Fair Isle, your knit will be thicker, with all the other yarns that travel along each row or round (although there are some cases where a strand can rest). Mosaics, on the other hand, are only single-ply, because you're knitting just one strand of yarn at a time.

If you look at any of the mosaic stitch patterns, you will be given explicit instructions. Usually, or at least in this book, you will be instructed to cast on with the lighter-color yarn and to knit a row or round, then you will be instructed just how many stitches to knit and to slip on the first row/round. On the second row or round, you will continue to knit in that same color and to only knit same-color stitches while slipping the other. On the next row or round, you will again follow the written (or charted) pattern using the darker color. For fun, you may decide to swap the lights for the darks and see what you come up with.

Please note that in this chapter you will find swatches knit in both Garter (knit each row) and Stockinette (knit on the right side, purl on the wrong side).

KNITS & PURLS

CHAPTER 1

THE NEAT THING ABOUT KNITTING is that you can learn two basic maneuvers—knitting and purling—and have an array of patterns at your fingertips. Simple knit and purl combos create all manner of textures, including textured zigzags like Moss Stitch Zigzags (page 25), or even a Thermal Stitch (page 22) that mimics the cozy long-sleeve thermal-stitch under- and outerwear we can buy off the shelves.

Usually, knit and purl stitches have a right side and a wrong side, and sometimes they are fully reversible or look good on both sides. Box Stitch (page 22) is fully reversible, so it would be great for use for a scarf or any item where both sides of the knit can be seen. Diagonal Checks (page 21) is also reversible—as is Ripple Pattern (page 29)—although I consider it “two-sided,” meaning it doesn’t look exactly the same on each side, but there isn’t a distinct wrong or right side.

ANYONE WHO HAS KNIT A SWEATER or a cap or socks knows that unless the item is supposed to fit loosely, some ribbing will be necessary to create a stretchy border. Columns of knit and purl stitches in multiples of two, four, even six stitches are common, but these basic rib stitches aren't the only possibilities. Consider Baby Cable Rib on page 62. Based on a multiple of four stitches, this pattern features a little cable on the knit section of the rib that adds a cute vibe to the pattern. In this chapter, you will find not only simple ribs that can be knit flat or in the round, but also ribs that are ornamental. Fuji Rib, on page 78, is more of a fabric and can be used to make a dramatic stole or scarf.

THE ULTIMATE ALL-AROUND STITCH DICTIONARY

THIS CHAPTER CONTAINS A WHOLE GAMUT OF STITCHES—ones that could usually fit in another chapter but have a little or a lot going on at once. Although beginner knitters may not want to jump in with both feet when it comes to these unusual stitch patterns, there are definitely some that a beginner would find easy: Woven Ladders, on page 117, seems rather fancy, but if you take a closer look at it, this stitch pattern relies on stitches that are simply skipped over. Swedish Check, on page 100, is another one that looks intricate but really isn't.

Most stitches in this chapter have distinct right and wrong sides. That being the case, they are most suited for things like sweaters, caps, and mittens. As in all the stitch patterns in this book, you can knit each and every stitch flat or in the round, and where needed, I provide a top-down and a bottom-up version.

Indian Cross Stitch

(TWO-SIDED)

FLAT

(multiple of 8 sts; 12-row repeat)

NOTE: Do not count sts on Rows 5 and 11; original st count is restored on Rows 6 and 12.

ROWS 1–4: Knit.

ROW 5: K1, *k1, wrapping yarn 4 times; repeat from * to last st, k1.

ROW 6: *Slip 8 sts wyib, dropping all extra wraps, insert left-hand needle into first 4 slipped sts and pass them over second 4 slipped sts, return second 4 sts to left-hand needle and knit all 8 sts in their new positions; repeat from * to end.

ROWS 7–10: Knit.

ROW 11: Repeat Row 5.

ROW 12: Slip 4 sts, dropping all extra wraps, insert left-hand needle into first 2 slipped sts and pass them over second 2 slipped sts, return second 2 sts to left-hand needle and knit all 4 sts in their new positions, *slip 8 sts, dropping extra wraps, then cross and knit these 8 sts as in Row 6; repeat from * to last 4 sts, slip 4 sts, dropping extra wraps, then cross and knit these 4 sts as at beginning of row.

Repeat Rows 1–12 for Indian Cross Stitch Flat.

IN THE ROUND

(multiple of 8 sts; 12-rnd repeat)

NOTE: Do not count sts on Rnds 5 and 11; original st count is restored on Rnds 6 and 12.

RND 1: Knit.

RND 2: Purl.

RNDS 3 AND 4: Repeat Rnds 1 and 2.

RND 5: *K1, wrapping yarn 4 times; repeat from * to end.

RND 6: *Slip 8 sts wyif, dropping all extra wraps, insert left-hand needle into first 4 slipped sts and pass them over second 4 slipped sts, return second 4 sts to left-hand needle and purl all 8 sts in their new positions; repeat from * to end.

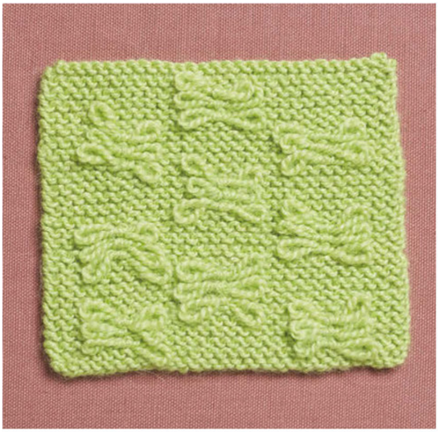
RND 7: Knit.

RND 8: Purl.

RNDS 9 AND 10: Repeat Rnds 7 and 8. Remove beginning-of-rnd marker, slip 4 sts to right-hand needle, pm for new beginning of rnd.

RNDS 11 AND 12: Repeat Rnds 5 and 6. Remove beginning-of-rnd marker, slip last 4 sts back to left-hand needle, pm for new beginning of rnd.

Repeat Rnds 1–12 for Indian Cross Stitch in the Round.



Checkerboard Bows

FLAT

(multiple of 16 sts + 9; 16-row repeat)

NOTE: Do not count sts on yo rows; original st count is restored on rows following yo rows. To tie bows, on RS, using spare needle, pull up elongated loop from dropped yos on either side of k1 until k1 is snug. Tie loops together using a square knot.

ROW 1 (RS): Knit.

ROW 2: K4, *[yo] 3 times, k1, [yo] 3 times, k15; repeat from * to last 5 sts, [yo] 3 times, k1, [yo] 3 times, k4.

ROW 3: Knit, dropping all yos. Tie bows.

ROWS 4–7: Repeat Rows 2 and 3.

ROWS 8 AND 9: Knit.

ROW 10: K12, *[yo] 3 times, k1, [yo] 3 times, k15; repeat from * to last 13 sts, [yo] 3 times, k1, [yo] 3 times, k12.

PICTURE A WARM SWEATER, and in your mind’s eye you’ll likely see a sweater that has cables. Classic and textural, most cables are worked on a background of purl stitches that give the fabric an embossed effect. Cables can be intricate, that’s for sure, but they can also be simple and easy to execute. Slipped 3-Stitch Cable on page 179 is a good one to start with, but if you’re looking for something with an allover cabled fabric, and still easy, try Checkerboard Cables on page 167. If you’re looking for something super textural and intermediate (meaning, lots of stuff going on), give Scarab Checks a look. It’s on page 156.

LACE KNITTING PATTERNS CAN BE AS SIMPLE as an added yarnover here and there or incredibly intricate, so intricate that you would be compelled to put in a lifeline every few rows or rounds. In this chapter, there is a broad range of lace patterns from which to choose, from simple eyelet patterns that have lots of “resting rows” (rows in which you just knit or purl), to those where the action happens not only on the front (right) side, but also on the wrong side of the fabric. Whatever you choose to try, know that you will have a choice to knit the pattern flat or in the round, top down or bottom up—and the stitch will still look the same.

TOP-DOWN IN THE ROUND

WHAT CAN I SAY ABOUT COLORWORK?

First, it doesn’t have to be daunting. In many cases, simply alternating colors can show off any knit item to great effect. Second, just because something looks intricate, it may be that the particular technique it employs is ingenious, rather than difficult. Take a look at Chains on page 335. It appears as if someone crocheted the colored chains on the swatch’s surface when what’s really going on is some slipping of stitches and a few color changes—that’s it. And when it comes to mosaics, there are some similarities: With mosaics, you work only one color for two rows or rounds at a time while slipping stiches according to the chart (I include written instructions for all). If you ask me, mosaics are magic. So’s colorwork, come to think of it.

WHETHER YOU’RE KNITTING
from the top
toward the hem or the other way around, you will be able to find an edging that’s perfect for your project in this chapter. Typically, your edgings will flow from your knitting, so picking up and knitting around the edges of the knitting shouldn’t be necessary. When it’s time to think about the edging you would like to knit—either at the beginning if you’re knitting bottom up, or at the end if you’re knitting from the top down—consider the drape of your yarn and whether or not it will show off cables or texture. You’ll also want to be sure that the multiple of stitches on your needles will work with your pattern of choice—all you’ll have to do is adjust your stitch count before it’s time to knit the edging, and all will work out perfectly.

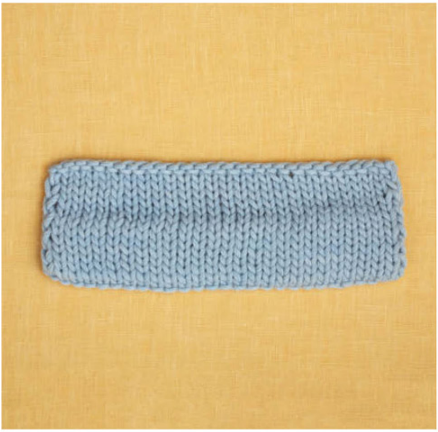
CHAPTER 7



TOP-DOWN FLAT

(any number of sts and rows)

TURNING ROW (WS): Knit.

Change to smaller needle and work in St st (knit RS rows, purl WS rows) for approximately 1 to 1 1/2" (2.5 to 4 cm).

Do not BO sts.

FINISHING: After piece is complete, fold hem to WS at Turning Row and sew live sts to WS, being careful not to let sts show on RS.

TOP-DOWN IN THE ROUND

(any number of sts and rnds)

TURNING RND: Purl.

Change to smaller needle and work in St st (knit every rnd) for approximately 1 to 1 1/2" (2.5 to 4 cm). Do not BO sts.

FINISHING: After piece is complete, fold hem to WS at Turning Rnd and sew live sts to WS, being careful not to let sts show on RS.

BOTTOM-UP FLAT

(any number of sts and rows)

CO using smaller needles. Work in St st

(knit RS rows, purl WS rows) for approximately
1 to 1
1
/
2
" (2.5 to 4 cm), ending with a RS row.
TURNING ROW (WS):
Change to larger needles.
Knit.
Change to working pattern.
FINISHING:
After project or pieces are complete,
fold hem to WS at Turning Row and sew to WS,
being careful not to let sts show on RS.

BOTTOM-UP IN THE ROUND

(any number of sts and rnds)
CO using smaller needle. Join for working in the
rnd. Work in St st (knit every rnd) for approximately
1 to 1
1
/
2
" (2.5 to 4 cm).
TURNING RND:
Change to larger needle. Purl.
Change to working pattern.
FINISHING:
After project or pieces are complete,
fold hem to WS at Turning Rnd and sew to WS,
being careful not to let sts show on RS.

Purl Ridge Hem

TOP-DOWN FLAT

(odd number of sts; any number of rows)

TURNING ROW (RS):

K1, *yo, k2tog; repeat from * to end.

Change to smaller needles. Work in St st (knit RS rows, purl WS rows) for approximately 1 to 1$\frac{1}{2}$” (2.5 to 4 cm). Do not BO sts.

FINISHING:

After piece is complete, fold hem to WS at Turning Row and sew live sts to WS, being careful not to let sts show on RS.

TOP-DOWN IN THE ROUND

(even number of sts; any number of rnds)

TURNING RND:

*Yo, k2tog; repeat from * to end.

Change to smaller needles. Work in St st (knit every rnd) for approximately 1 to 1$\frac{1}{2}$” (2.5 to 4 cm). Do not BO sts.

FINISHING:

After piece is complete, fold hem to WS at Turning Rnd and sew live sts to WS, being careful not to let sts show on RS.

BOTTOM-UP FLAT

(odd number of sts; any number of rows)

CO an odd number of sts using smaller needles. Work in St st (knit RS rows, purl WS rows) for approximately 1 to 1 1/2” (2.5 to 4 cm), ending with a WS row.

TURNING ROW (RS):

Change to larger needles. K1, *yo, k2tog; repeat from * to end.

Change to working pattern.

FINISHING:

After project or pieces are complete, fold hem to WS at Turning Row and sew to WS, being careful not to let sts show on RS.

BOTTOM-UP IN THE ROUND

(even number of sts; any number of rnds)

CO an even number of sts using smaller needle. Join for working in the rnd. Work in St st (knit every rnd) for approximately 1 to 1 1/2” (2.5 to 4 cm).

TURNING RND:

Change to larger needles.

*Yo, k2tog; repeat from * to end.

Continue in working pattern.

FINISHING:

After project or pieces are complete, fold hem to WS at Turning Rnd and sew to WS, being careful not to let sts show on RS.

APPENDIX

1/2 LC:

1 over 2 Left Cross. Slip 1 stitch to cable needle, hold to front, k2, k1 from cable needle.

1/2 RC:

1 over 2 Right Cross. Slip 2 stitches to cable needle, hold to back, k1, k2 from cable needle.

1/2 LPC:

1 over 2 Left Purl Cross. Slip 1 stitch to cable needle hold to front, p2, k1 from cable needle.

1/2 RPC:

1 over 2 Right Purl Cross. Slip 2 stitches to cable needle, hold to back, k1, p2 from cable needle.

1/3 LPC:

1 over 3 Left Purl Cross. Slip 1 stitch to cable needle hold to front, p3, k1 from cable needle.

1/3 RPC:

1 over 3 Right Purl Cross. Slip 3 stitches to cable needle, hold to back, k1, p3 from cable needle.

2/1 LC:

2 over 1 Left Cross. Slip 2 stitches to cable needle, hold to front, k1, k2 from cable needle.

2/1 LPC:

2 over 1 Left Purl Cross. Slip 2 stitches to cable needle, hold to front, p1, k2 from cable needle.

2/1 RC:

2 over 1 Right Cross. Slip 1 stitch to cable needle, hold to back, k2, k1 from cable needle.

2/1 RPC:

2 over 1 Right Purl Cross. Slip 1 stitch to cable needle, hold to back, k2, p1 from cable needle.

2/2 LPC:

2 over 2 Left Purl Cross. Slip 2 stitches to cable needle hold to front, p2, k2 from cable needle.

2/2 RPC:

2 over 2 Right Purl Cross. Slip 2 stitches to cable needle, hold to back, k2, p2 from cable needle.

BO:
Bind off.
C4B:
Cable 4 Back. Slip 2 stitches to cable needle, hold to back, k2, k2 from cable needle.
C4B-P:
Cable 4 Back, purled. Slip 2 stitches to cable needle, hold to back, p2, p2 from cable needle.
C4F:
Cable 4 Front. Slip 2 stitches to cable needle, hold to front, k2, k2 from cable needle.
C4F-P:
Cable 4 Front, purled. Slip 2 stitches to cable needle, hold to front, p2, p2 from cable needle.
C6B:
Cable 6 Back. Slip 3 stitches to cable needle, hold to back, k3, k3 from cable needle.
C6F:
Cable 6 Front. Slip 3 stitches to cable needle, hold to front, k3, k3 from cable needle.
C8B:
Cable 8 Back. Slip 4 stitches to cable needle, hold to back, k4, k4 from cable needle.
C8F:
Cable 8 Front. Slip 4 stitches to cable needle, hold to front, k4, k4 from cable needle.
C10B:
Cable 10 Back. Slip 5 stitches to cable needle, hold to back, k5, k5 from cable needle.
C10F:
Cable 10 Front. Slip 5 stitches to cable needle, hold to front, k5, k5 from cable needle.
CN:
Cable needle
CO:
Cast on.
D:
Dark (used in Mosaic patterns)
K1B:
Knit into stitch below next stitch on left-hand needle,

dropping stitch from left-hand needle.

K1-F/B:

Knit into front loop and back loop of same stitch—1 stitch increased.

K1-TBL:

Knit 1 stitch through back loop.

K2TOG:

Knit 2 stitches together—1 stitch decreased, right-slanting.

K3TOG:

Knit 3 stitches together—2 stitches decreased, right-slanting.

K4TOG:

Knit 4 stitches together—3 stitches decreased, right-slanting.

K:

Knit.

L:

Light (used in Mosaic patterns)

LC:

Left Cross. Insert needle from back to front between first and second stitches on left-hand needle and knit the second stitch through the front loop. Knit first stitch; slip both stitches from left-hand needle together.

LI:

Lifted Increase. Knit into stitch in row below next stitch on left-hand needle—1 stitch increased, right-slanting.

LLI:

Left Lifted Increase. On right-side rows, with left-hand needle, pick up left leg of stitch 2 stitches below last stitch on right-hand needle; knit picked-up stitch through back loop. On wrong-side rows, purl into purl bump below first stitch on left-hand needle, working into bump from top down—1 stitch increased, left-slanting.

LPC:

Left Purl Cross. Slip 1 stitch to cable needle, hold to front, p1, k1 from cable needle.

M1L:

Make 1 Left-slanting. With tip of left-hand needle inserted from front to back, lift strand between 2 needles onto left-hand needle; knit strand through back loop—1 stitch increased.

M1PR:

Make 1 Purlwise Right-slanting. With tip of left-hand needle inserted from back to front, lift strand between 2 needles onto left-hand needle; purl strand through front loop—1 stitch increased.

M1R:

Make 1 Right-slanting. With tip of left-hand needle inserted from back to front, lift strand between 2 needles onto left-hand needle; knit strand through front loop—1 stitch increased.

P1B:

Purl into stitch below next stitch on left-hand needle, dropping stitch from left-hand needle.

P1-F/B:

Purl into front loop, then back loop of same stitch—1 stitch increased.

P1-F/B/F:

Purl into front loop, back loop, then front loop of same stitch—2 stitches increased.

P1-TBL:

Purl 1 stitch through back loop.

P2TOG:

Purl 2 stitches together—1 stitch decreased, right-slanting.

P3TOG:

Purl 3 stitches together—2 stitches decreased, right-slanting.

P:

Purl.

PM:

Place marker.

PSSO:

Pass slipped stitch on right-hand needle over stitch(es) indicated in the instructions, as in binding off.

RC:

Right Cross. On right-side rows, insert tip of right-hand needle into front of second stitch, bringing tip to front of work between second and first stitches, knit stitch, knit first stitch through front loop, slip both stitches from left-hand needle together. On wrong-side rows, purl into front of second stitch, then purl into front of first stitch, slip both stitches from left-hand needle together.

REV ST ST:

Reverse Stockinette stitch. When working flat, purl on right-side rows, knit on wrong-side rows. When working in the round, purl all sts.

RLI:

Right Lifted Increase. With right-hand needle, pick up right side of stitch below next stitch on left-hand needle, and place it on left-hand needle; knit picked-up stitch through front loop—1 stitch increased, right-slanting.

RND(S):

Round(s)

RPC:

Right Purl Cross. Slip 1 stitch to cable needle, hold to back, k1, p1 from cable needle.

RS:

Right side

RT:

Right Twist. K2tog, but do not drop stitches from left-hand needle; insert right-hand needle between 2 stitches just worked and knit first stitch again, slip both stitches from left-hand needle together.

S2KP2:

Slip next 2 stitches together to right-hand needle as if to knit 2 together, k1, pass the 2 slipped stitches over—2 stitches decreased, centered.

SKP:

Slip next stitch knitwise to right-hand needle, k1, pass slipped stitch over knit stitch—1 stitch decreased, left-slanting.

SK2P:

Slip next stitch knitwise to the right-hand needle,

k2tog, pass slipped stitch over stitch from k2tog—2 stitches decreased, left-slanting.
SM:
Slip marker
SSK:
Slip next 2 stitches to right-hand needle one at a time as if to knit; return them to left-hand needle one at a time in their new orientation; knit them together through back loops—1 stitch decreased, left-slanting.
SSP:
Slip next 2 stitches to right-hand needle one at a time as if to knit; return them to left-hand needle one at a time in their new orientation; purl them together through back loops—1 stitch decreased, left-slanting.
ST(S):
Stitch(es)
T3R:
Twist 3 Right: Knit into third stitch on left-hand needle, then second, then first; slip all 3 stitches from left-hand needle together.
TBL:
Through the back loop(s)
TOG:
Together
WS:
Wrong side
WYIB:
With yarn in back
WYIF:
With yarn in front
YO:
Yarnover

FOR KNITTING TOP DOWN, BOTTOM UP, BACK & FORTH, AND IN THE ROUND!

Knitting expert Wendy Bernard is back with hundreds of great stitch patterns from the *Up, Down, All-Around* and *Knitting All-Around* stitch dictionaries, plus an additional 30 new stitches!
